Continuing Education
Saturday, February 22, 2020
Stark State College Business & Entrepreneurial Bldg., Room M 101
Presented by Tom Viola, RPH, CCP

8:30 AM Registration Continental Breakfast

9:00 AM – 12:00 PM Hurt's So Good! Management of Acute Dental Pain & Appropriate Opiate Prescribing* 3 CEU's

Every day, more than 115 Americans die after overdosing on opioids.^

Management of acute odontogenic pain is accomplished through a clinical approach that successfully incorporates both opioid and non-opioid analgesics. However, moderate to severe dental pain often occurs well after office hours and away from our immediate supervision. Thus, it is critical for clinicians to be able to accurately identify a patient's need for pain control, develop an individualized pain management plan and assess the efficacy of analgesic agents employed. This program will provide strategies for effectively managing dental pain with opioid and non-opioid analgesics and analgesic adjuvants, while also mitigating associated risks. Special emphasis will be given to appropriate practices for prescribing analgesics as well as identification and treatment of opioid analgesic abuse.

***This course meets the mandatory opioid prescribing education (2CEU's) for the RDH and DDS license renewal beginning 2020.**

^National Institute on Drug Abuse

Tom Viola, RPH, CCP has over 30 years' experience as a pharmacist, dental educator and author, earning his reputation as the go-to specialist for delivering quality dental continuing education content through his informative, funny and engaging presentations. Tom's sellout programs provide an overview of the most prevalent oral and systemic diseases and the most frequently prescribed drugs used in their treatment, along with specific focus on dental considerations and strategies for implementing effective care plans. **DO NOT** miss this opportunity to learn from one of the best!
