

## Oral Health & the Infant Mortality Connection 1 CEU

Presented by  
*Dawn Miller, MBA, RDH*

Stark County **THRIVE** (Toward Health Resiliency for Infant Vitality & Equity) is a project through Canton City Public Health that began in 2013. At that time, Ohio's disparity in infant mortality between black infants and white infants was among the worst in the nation. Goals of Stark County THRIVE are to identify factors in our community that lead to infant mortality and reduce the overall infant mortality rate as well as disparity in birth outcomes relative to black and white infants. SCDHA is pleased to welcome Dawn Miller, Project Director of Stark County THRIVE as she presents an update on their progress.

**Wednesday, April 27th, 2022**

**6:00 SCDHA Meeting/Registration      6:30 - 7:30 Presentation**

*Jackson Community Branch Library 7487 Fulton Drive NW Massillon, Ohio*
