

# SCDHA Virtual CE Fall Welcome Back!

## Mission Impossible: If you choose to accept this mission Working as an OHASP RDH 1.5 CEU's

Presented by  
Beth Tronolone, Chris Harmison & Ann Naber

This course is to encourage the dental hygienist to obtain the Ohio Oral Health Access Supervision Permit. This course provides ideas and information on the benefits of working with an OHASP program and the different environments you may encounter. *This is not the 8-hour course to apply for the OHASP permit nor is it a medical emergency course.* This course outlines the reasons why you might want to work to the top of your license and the top of your education. Chris Harmison and Beth Tronolone describe how they have used their permits and worked with a variety of patients to provide access to dental care. Ann Naber outlines laws and rules and provides insight on access to dental care in Ohio.
